

## **The Avanti Curriculum Framework rooted in the Avanti Principles**

---

The three core tenants around which the curriculum is designed are:

- 1) Educational Excellence
- 2) Spiritual Insight
- 3) Character Formation

Our vision for educational excellence is one where deeply inspired teachers nurture joyful students and

points of knowledge to ensure that learning cumulatively grows. Each lesson also has a sharp focus on subject-specific vocabulary, with key concepts being visited and revisited regularly, to ensure long-term retention of knowledge.

Our curriculum design and delivery are guided and informed by the evolving evidence base from educational research and cognitive science. A culture of continuous improvement means that we regularly revisit the evidence to refine and augment our collective understanding. This is supported by our colleagues multiple pathways of professional learning, informed by the latest research.

Our curriculum recognises that pupil learning sits within a wider landscape of experiential understanding and experience. In order to ensure equity and equality, we have trips and visitors that complement the academic curriculum but also the wider personal development curriculum.

Reflective of our ethos, our curriculum is designed to develop consciousness. Consciousness
